TOWN OF NEWTOWN

OFFICE OF THE FINANCE DIRECTOR

November 10, 2011

To the Honorable First Selectman, Members of the Board of Selectmen, Members of the Board of Finance, Members of the Legislative Council, and Citizens of the Town of Newtown, Connecticut.

The Finance Department is pleased to present the Comprehensive Annual Financial Report (CAFR) of the Town of Newtown for the year ended June 30, 2011. The report includes the independent auditors' report as required by Town Charter Chapter 6, Section 6-02 and the Connecticut Statutes. The report is prepared in conformity with generally accepted accounting principles (GAAP) and standards set forth by the Governmental Accounting Standards Board (GASB).

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Town. Management of the Town is responsible for establishing and maintaining internal controls designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the calculation of costs and benefits requires estimates and judgments by management. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

Kostin, Ruffkess & Company, LLC, a public accounting firm fully licensed and qualified to perform audits of municipalities within the State of Connecticut, have audited the financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Newtown, Connecticut for the fiscal year ended June 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Town of Newtown's financial statements for the fiscal year ended June 30, 2011, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Town's separately issued Single Audit Report.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town's MD&A can be found immediately following the report of the independent auditors.

Profile of the Town of Newtown

The Town of Newtown was incorporated in 1711, has a favorable location in Fairfield County in the southwest part of the State of Connecticut about 60 miles northeast of New York City. The Town has a land area of 60 square miles and population of 27,605.

The Town operates under a Charter adopted in 1961 and most recently revised in 2008. The charter retains a limited Town Meeting form of government with the First Selectman acting as the Town's chief executive officer and a twelve-member legislative council acting as the legislative body, with the exception of those items specifically enumerated on which the Town Meeting is authorized to act. A three-member Board of Selectmen generally supervises the administration of the Town. Fiscal matters are administered under a six-member Board of Finance and an appointed Finance Director. The Town provides a full range of services, including police and volunteer fire protection; the construction and maintenance of highways, streets, and other infrastructure; and recreational activities and cultural events.

The annual budget serves as the foundation for the Town's financial planning and control. The Town maintains budgetary controls with the objectives to ensure compliance with legal provisions embodied in the annual appropriated budget, approved by the budget referendum. The Town maintains an encumbrance accounting system as one technique of accomplishing budgetary controls. As demonstrated by the budgetary schedules included in the financial section of this report, the Town continues to meet its responsibility for sound financial management. In addition to budgetary schedules, Exhibit L (II) A in the Notes to the Basic Financial Statements describes the budget process used by the Town.

Factors Affecting Financial Condition

Newtown's presence in Fairfield County, its proximity to an excellent regional transportation network, its fine schools, public buildings and wide range of recreational and housing opportunities have all contributed to its continued growth and excellent financial condition.

The Town's economic base is supported by a diverse selection of goods producing industries and services. Medical products, printing and publishing continue to be the leading manufacturing sectors in Newtown.

New housing construction increased from the previous year. In fiscal year 2011, 17 new housing permits were issued compared to the 10 issued in fiscal year 2010. In fiscal year 2011, 2 new building commercial permits were issued compared to 4 issued in fiscal year 2010. Commercial permits were issued at a value of \$16,646,128 for fiscal year 2011 compared to a value of \$2,570,000 for fiscal year 2010.

The local labor force is feeling the impact of the adverse economy. The annual average unemployment rate for the labor force was 6.6% in fiscal year 2010. The unemployment rate for the labor force, in fiscal year 2011, has increased to 6.9%.

Property taxes, which account for approximately 87 percent of the general fund revenue, have provided a reliable revenue source, with collections consistently at or around 99 percent. Current tax collections were 99.1% of the adjusted tax levy.

Factors Affecting Financial Condition (Continued)

The Town's per capita income of \$56,000 and median family income of \$105,744 are above the state's high averages, while housing prices are competitive relative to Fairfield County norms. Most residents work in regional employment centers in Fairfield County and Westchester County, New York.

The economic crisis has created challenges for the Connecticut state government in trying to meet their budget. Newtown's general fund receives over \$7 million dollars from the State of Connecticut, which helps off set local taxes. The state has cut contributions to municipalities in their efforts to balance their budget. Any further cuts by the state will put increased pressure on local municipal budgets.

Long-Term Financial Planning

Newtown High School. The renovation and addition to the high school was substantially completed during fiscal year 2010/11.

Newtown Middle School Roof Project. Phase I of this project began in February 2010 with schematic design approval at \$45,000 and a bid process to choose a design architect. In May of 2010 an appropriation of \$4,257,000 was approved for Phase II Construction with award going to Kaestle Boos Associates, Inc., the architect, and Silktown Roofing, the contractor, at contract cost of \$3,077,000. Project completion is expected prior to the start of school year 2011-12.

Fairfield Hills. In July 2004, the Town of Newtown purchased the 185 acres including the buildings from the State of Connecticut. The Town's Master Plan is to preserve open space and adapt the property for Town uses. There has been and will be further infrastructure improvements and additions. Roughly 130 acres will remain as open space. A town hall, a senior center and a recreation center were included in the plan. Several buildings are to be used for commercial development such as offices, retail space and a restaurant. There are provisions for playing fields for baseball, softball, multi-use fields and passive recreation areas on the campus. A Fairfield Hills Authority has been appointed to manage the property.

To date soil remediation has been completed; the engineering house has been renovated and is in use for security property administration and other activities; a part time property manager is there one day per week; a baseball field has been completed; Phase I of the walking trails have been completed and plans for Phase II are complete; the Newtown Youth Academy, a privately owned and operated business, opened on land leased from the Town; Phase I electric, gas and communication infrastructure improvements have been completed; the Newtown Municipal Center is in the former Bridgeport Hall; and environmental remediation of three buildings has occurred. Greenwich, Fairfield, Litchfield and Yale buildings have been taken down.

A Broker has been selected to help find businesses/organizations to lease some of the buildings on the site. Presently a committee appointed by the Board of Selectmen is reviewing the current Master Plan for the Fairfield Hills Campus and is charged with recommending possible changes to the plan.

Open Space Acquisition Program. The Town of Newtown has purchased Open Space for public use for decades. In May 2005 the Town was authorized to bond \$10,000,000 for public Open Space. These bonds have been issued in \$2,000,000 amounts annually. The purchases of open space were to address the impacts development had on its natural, historical and agricultural resources. The Town also recognized the financial stability, which emanates from smart growth and has placed in its Capital Improvement Plan, future annual bonding increments through referendum approvals. The Town has also applied for over \$1,000,000 in matching grants from state and federal sources. It is anticipated that the open space program will be continued. In 2011 the town continued to identify and pursue open space purchases and acquisitions.

Parks and Recreation. The Parks and Recreation Department has been working hard with the Friends of Newtown Park and Bark to raise funds for a off leash dog park adjacent to the New Animal Control facility at the end of Trades Lane. A Community Garden was a new addition to leisure activities at the Fairfield Hills Campus. The food grown by volunteers supported the Newtown Food Pantries. The new skate park at Dickinson Park has been a huge success. A Master Plan for Eichler's Cove has been developed and this was the first year that the Parks and Recreation Department managed this facility. Future improvements to this sight as noted on the plan are improved parking and a bath and concession stand. This is the first year that this facility housed a summer camp and dry storage racks for canoes and Kayaks. The Master Plan for Dickinson Park is getting complete phase by phase. The new tennis courts and basketball courts were finished in fall of 2010. A new playground will be built in 2012/13 and \$420,000 is currently in the CIP for this project. Infrastructure Renovations to Treadwell Park for \$350,000 is planned for improvements for new Tennis courts, a new basketball court and parking improvements for the CIP year funding of 2012.

Public Works Projects. The Public Works Department has \$25 million in planned projects for the next five years, depending on the availability of funding. \$10 million is scheduled for sewer and water system improvements at the main waste water treatment plant and for the overall infrastructure at the Fairfield Hills Campus. \$5 million is planned for bridge improvements and \$10 million for various highway projects. These projects include both solely Town funded and partner projects with the State and Federal governments

Economic Development

The Newtown Economic Development Commission actively promotes and supports projects that lead to new business development and jobs. As a result, Newtown continues to experience growth in and interest for commercial development. New commercial buildings are being constructed and occupied by businesses new to Newtown and existing commercial buildings have been renovated for new tenants. An example of the renovation work is underway on a former Pitney Bowes facility, which is being converted for Advanced Fusion Systems. This new company is involved in the manufacturing of technology for the power electronics market and expects to employ 200 workers by the end of 2014.

Curtis Corporate Park contributed to the growth in new businesses as the park offers well positioned commercial building lots close to I-84. East Haven Lumber, Environmental Energy Services, American Stair and Architectural Glass Industries built and occupy industrial facilities in the park. An industrial condominium attracted smaller business and TNT Expense Management expanded their headquarters into a new office building. A few lots remain for additional growth opportunities.

The Borough of Newtown has a vibrant village district filled with retailers, professional offices and restaurants. Sidewalks and decorative streetlamps adjacent to the compact residential areas are inviting to residents and visitors in this historic area. The Newtown Shopping Center is anchored by the Big Y Supermarket and thrives with several smaller retails and service tenants. Eton Center is anchored by Caraluzzi's Market, Ace Hardware and Wells Fargo Bank. St. Rose recently completed an expansion to their Blue Ribbon School and professional office space attracts new investment and businesses to the district.

South Main Street (Rt. 25) continues to attract new development projects. The first phase of Highland Plaza is completed and nearly full with tenants and a new 22,000 square foot building is under construction as part of the Phase II project. Plaza South added significant new retail space to the corridor along with a nice mix of new businesses. The final building will be completed in the fall of 2011 with new tenants already in place. These developments and a couple of smaller projects were made possible by the new zoning codes that enhance economic development in the corridor.

Sandy Hook Center is a vibrant commercial district. The publically funded streetscape along Church Hill Road combined with private property investments successfully attracted new businesses and interest in this crossroads hamlet. The renovation and occupancy of several historic buildings, the river walk, ongoing promotion and Newtown Savings Bank's plan to construct a new branch building all contribute to the successful and ongoing revitalization. Funding for the next phase of the Sandy Hook Streetscape project is in place. Work will entail a realigned intersection, and the installation of sidewalks, curbing, landscaping and decorative street lighting along Riverside Road, Glen Road and Washington Avenue. This work will tie commercial uses together with the neighborhood and will improve pedestrian and vehicular flow and safety. The streetscape project will be funded by a variety of sources including state, local and private money.

The Newtown Technology Park is planned for a 23 acre Town-owned parcel of land located directly off Exit 10 of I-84. The park is being marketed to technology based businesses by the Economic Development Commission. Planning for the development has been funded by state and local funds. Local land use approvals are in place to help move the project to the development phase.

Fairfield Hills Campus. This former state hospital was purchased by the Town of Newtown in 2004. A comprehensive reuse vision for the property was recently completed which calls for reserving a major portion of the 185 acre property for municipal, cultural, passive and active recreation uses. A select number of existing buildings and land parcels have been designated for commercial purposes. The Economic Development Commission is assisting the Fairfield Hills Authority with marketing the commercial aspects of the property. The redevelopment project has already created hundreds of temporary jobs in the construction and service sectors. Approximately 120 permanent jobs are currently on site.

The Hawleyville area of Newtown (Exit 9 and Route 6) is expected to be a major player for continued economic growth. Several properties are ready for the construction of new Office/Retail buildings with approvals in place. Discussions are underway to enhance the growth potential in this area of Newtown by expanding the public sewer infrastructure.

Relevant Financial Policies

The Town's financial policies have been applied consistently with no notable current year effect on the financial statements. During the current year, an updated fund balance policy has been approved by the Legislative Council.

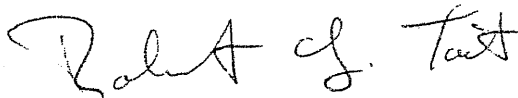

Awards. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2010. This was the thirteenth consecutive year that the Town has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the Town published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements. The preparation of this report would not have been possible without the efficient and dedicated services of my assistant finance director, Donna Tomasko, the entire staff of the Finance Department and Ron Bienkowski, the education director of business, and his entire staff.. Each member has my sincere appreciation for their contributions made in the preparation of this report. The cooperation and assistance of the accounting firm of Kostin, Ruffkess & Company, LLC, also contributed significantly to its production.

This comprehensive annual financial report reflects a commitment to the citizens of Newtown, the Board of Finance, the Board of Selectmen, the Legislative Council, and all concerned readers of this report, to provide information in conformance with the highest standards of financial accountability.

Respectfully submitted

INDEPENDENT AUDITORS' REPORT

Legislative Council
Town of Newtown, Connecticut

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Newtown, Connecticut, as of and for the year ended June 30, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Newtown, Connecticut, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, and the respective budgetary comparison for the general fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 10, 2011, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Town of Newtown, Connecticut

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the Employer Contributions - Newtown Retirement and Other Post-Employment Plans on Pages 12 through 22 and Pages 69 through 72, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Newtown, Connecticut's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

TOWN OF NEWTOWN OFFICE OF THE FINANCE DIRECTOR

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2011

As management of the Town of Newtown, we offer readers of the Town of Newtown's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, in the introductory section of this report.

Financial Highlights

- On a government-wide basis, the Town's net assets grew by \$14.4 million for the fiscal year, \$14.7 million of which was generated by governmental activities while there was a decrease of \$0.3 million due to business-type activities of the Town. The increase was due substantially to capital asset purchases in excess of depreciation expense. The major project was the construction of the high school addition. Other contribution items were the receipt of progress payments related to the high school project and the operation of the internal service fund.
- The Town's combined net assets total \$206.2 million at June 30, 2011. Of this amount the unrestricted components were \$22.5 million in governmental activities and \$8.8 million in business activities.
- At year end unassigned fund balance for the general fund was \$7,408,816 or 7.2% of total general fund budgetary expenditures and other financing uses.
- Due to financing strategies, the unassigned amount in the Bonded Projects fund will be eliminated when the \$10,500,000 in bond anticipation notes are permanently financed at the end of the project.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Newtown's basic financial statements. The Town of Newtown's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town of Newtown's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information showing how the Town's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Both of the government-wide financial statements distinguish functions of the Town of Newtown that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town include general government, public safety, health and welfare, land use, public works, parks and recreation and education. The business-type activities of the Town are for wastewater operations and water operations.

The government-wide financial statements can be found on Exhibits A and B.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Newtown uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains 26 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the two funds considered to be major funds. Data from the other 24 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in Schedules 5 and 6.

The Town adopts an annual budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found in Exhibits C, D and F.

Proprietary funds. The Town of Newtown maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses an enterprise fund to account for its wastewater operations and the water operations at the Fairfield Hills property. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses an internal service fund to account for its school personnel dental benefits. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statement provides information for the water operations and for the wastewater operations, which is considered to be a major fund of the Town. The internal service fund financial statement provides information for the school employee and dependent dental plan benefits.

The basic proprietary fund financial statements can be found on Exhibits G, H and I.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on Exhibits J and K.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found in Exhibit L.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town of Newtown's progress in funding its obligation to provide pension benefits and other post employment benefits to its employees.

The combining statements and supplemental schedules referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information on pensions.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Town of Newtown, assets exceeded liabilities by \$206.2 million at the close of the fiscal year.

The largest portion of the Town's net assets (84.1%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure); less any related debt and related liabilities used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Town's net assets \$2.0 million represents resources that are subject to external restrictions on how they may be used. The remaining portion of net assets is unrestricted and is \$22.5 million.

At the end of the current fiscal year, the Town is able to report positive balances in all three categories of net assets, both for the Town as a whole, as well as for its separate governmental and business-type activities.

The Town's net assets increased by \$14.4 million during the current fiscal year. The increase was primarily due to the construction of the high school addition. Other contributing items were the receipt of progress payments related to the high school project and the positive result of operations of the internal service fund.

Governmental activities. Already noted was the statement of activities purpose in presenting information in how the Town's net assets changed during the most recent fiscal year. A chart of changes in net assets follows. For the fiscal year, net assets increased \$14.4 million, with \$14.7 million of the increase coming from governmental activities. The majority of the increase in assets in governmental activities is related to the construction of assets. The reader should remember that the basis of accounting used in the government-wide statement of activities excludes capital expenditures while its revenues include general taxes whose primary purpose is for the construction of those very assets or their related debt service.

Significant changes from the prior year for revenues are as follows:

- Property taxes increased by \$2,580,128 as a result of normal growth in the budget due mostly to contracted salary and benefit increases.
- Operating grants and contributions increased by \$545,953. The most significant increase was due to an increase in education related grants.
- Capital grants and contributions increased by \$3,967,670 as a result of progress payments received for the high school renovation project.

Governmental activities (Continued)

Revenues

Governmental activities revenues totaled \$125.9 million for fiscal year 2011. Property taxes are the largest revenue source for the Town and represent 74.0% of governmental revenues. Current tax collections were 99.1% of the adjusted tax levy. Operating grants and contributions revenues are the Town's second largest revenue. In operating grants and contributions revenues include grants for school lunch program, education, law enforcement, daycare, public works and contributions to the Town gift funds. Operating grants and contributions revenues account for 12.1% of governmental revenues for the year. Capital grants and contributions, the third largest revenue, amount to 6.9% of governmental revenues and are made up of mostly school building grants and public works grants. Charges for services include the school lunch program, adult education, Edmond Town hall and park and recreation programs. Grants and contributions not restricted to specific programs account for 1.7% and include elderly tax relief and in lieu of tax contributions. Investment income represents 0.5% of governmental revenue. Miscellaneous revenue accounts for the remaining governmental revenues and amount to 0.1% of governmental revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Expenses

Significant changes from the prior year are as follows:

- General government expenditures decreased by \$775,273 due mainly to increase in employee benefit costs, including pension contributions and a reclassification of the Fairfield Hills budget from a separate category to the general government function.
- Health and Welfare expenses decreased by \$823,707 due to a decrease in expenditures relating to the small cities grant and a reclassification of Edmond Town Hall special revenue fund expenditures from health and welfare to parks and recreation.
- Education expenses increased by \$922,937. The increase was mainly a result of an increase in education grants.
- Interest expense increased by \$663,773. This was due to the issuance of \$14,020,000 of additional bonds and \$8,910,000 of refunding bonds during the year as well as debt that were issued in fiscal year 2010 for which the first payments occurred during the current fiscal year.

Governmental expenses totaled \$111.2 million for the fiscal year. Of the expenditure, 70.4% or \$78.3 million is related to education. Public works expenses amounted to \$9.8 million, or 8.8%, while public safety amounted to \$9.3 million or 8.4%. Park and recreation expenses were \$3.8 million or 3.4%. Interest expense was \$2.8 million or 2.5%. General government expenses were \$4.5 million, or 4.1%, health and welfare expenses were \$2.2 million or 1.9%, and land use expenses were \$0.6 million or 0.5%.

Business-Type Activities

Revenues

General revenues do not support the Town's business-type activities; thus, the largest source of revenues comes from charges for services. Of the \$1.6 million in revenue from the sewer department and water department, 96.0% comes from charges for services. Investment income makes up the final 4.0% of revenues for the Town's business activities.

Charges for services increased by \$183,415 substantially due to new sewer benefit assessments.

Expenses

Water department expenses decreased \$76,926 for the fiscal year ended June 30, 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The combined fund balances of governmental funds for the fiscal year ended June 30, 2011, is \$7.5 million. Unassigned fund balance totals \$2.2 million, which is net of \$5.2 million in the bonded projects fund that will be eliminated when the \$10,500,000 in bond anticipation is permanently financed. The remainder of fund balance is not available for appropriation or spending by the Town and is classified as follows: Nonspendable (\$ 0.7 million), (\$1.3 million), Committed (\$3.3 million) and Assigned (\$0.05 million).

General Fund

The general fund is the operating fund of the Town. The budgetary fund balance of the general fund decreased by \$0.5 million for the fiscal year. This was due mainly to the budgeted use of fund balance. Revenues were lower than budgeted by \$0.8 million and \$1.0 million was used to stabilize the tax rate. Expenditures were lower by \$1.3 million than the amount budgeted, led by \$0.7 million from education. The net impact on fund balance was a decrease of \$0.5 million. The property tax rate increased from 23.43 mills to 24.0 mills.

General Fund Budgetary Highlights (continued)

During the year there were no additional appropriations. Overall, revenues were less than budgetary estimates and expenditures remained below budgeted amounts, with no department exceeding its annual appropriation.

Bonded Projects Fund

The Bonded Project fund revenues and other financing sources was more than its expenditures and transfers in by \$5.9 million for the fiscal year. This is the net result the issuance of debt and a refunding bond issue, net transfers of \$(84,560), intergovernmental revenues of \$8,161,826 off set by capital outlays of \$16,031,182 and debt service of \$136,695.

Proprietary funds. The Town's proprietary funds provide the same information found in the government-wide financial statements, but in more detail. The Town's enterprise funds posted an overall decrease in net assets of \$0.3 million for the fiscal year ended June 30, 2011.

Sewer Fund

Unrestricted net assets of the sewer fund at the end of the year amounted to \$9,594,539, a decrease of \$659,450 from the prior year.

Water Fund

Unrestricted net assets of the water fund at the end of the year amounted to a deficit of \$810,906, an increase of \$110,567 from the prior year.

Self-Insured Medical Benefits Internal Service Fund

Unrestricted net assets of the self-insured medical benefits fund at the end of the year amounted to \$1,936,013.

The Town's self-insured medical benefits fund recorded an increase in net assets for the year of \$1,854,348.

Other factors concerning the finances of these funds have already been addressed in the discussion of the Town's business-type activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Capital Assets and Debt Administration

At June 30, 2011, the Town of Newtown's capital assets for both governmental and business-type activities amounted to \$271.1 million, net of depreciation. This includes land, building, equipment, and infrastructure (roads and bridges). Capital assets for governmental activities increased by 6.6% while business-type capital assets decreased 2.1%. These changes included the following:

Land increased by \$768,499 due mainly to donation of land at Fairfield Hills by the State for use as a canine control facility.

Construction in progress increased by \$17,254,484 due to construction on the new high school and renovation of Parks & Recreation maintenance facility.

Buildings and systems decreased \$1,536,241 due primarily to annual depreciation.

Land improvements decreased by \$443,939 due to annual depreciation.

Infrastructure increased by \$144,018 due to completion of subdivision roads and acceptance of those roads into the Town Road System.

Long-term debt

For the year ended June 30, 2011, the Town's long-term debt increased by a net of \$5,429,347, due to the issuance of debt of \$8,910,000 and \$14,020,000 (refunding and general obligation respectively) net of payments for the outstanding issues and debt refunded. At the end of the current fiscal year, the Town had total bonded and note debt outstanding of \$80,556,954. Of this amount, \$80,556,954, less \$3,116,073 to be funded from state grants, comprises debt backed by the full faith and credit of the Town and \$6,156,553 is wastewater operations debt for which the Town is liable in the event of default by the property owners subject to the sewer assessment.

The Town maintains an "AA+" rating from Standard & Poor's and an Aa1 rating from Moody's Investors Service for general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2 ¼ to 4 ½ times total tax collections including interest and lien fees and the tax relief for the elderly freeze grant. The current debt limitation for the Town is \$650,703,081, which is significantly in excess of the Town's outstanding general obligation debt.

Additional information on the Town's long-term debt can be found in Exhibit L (III) F.

Next Year's Budgets and Rates

The Town elected and appointed officials considered many factors when setting the fiscal year 2012 budget. The Town decided that it was important, because of the economic times, to present a budget with no or little tax increase. In order to meet the objectives of the 2012 budget, the Town recognized the need to continue its pattern of cost containment. The mill rate was set at 24.37, which represents a 1.5% increase.

The 2012 general fund budget was \$105,555,075, an increase of 1.2% over the prior year adopted budget. Budgeted non-tax revenue increased \$0.42 million as a result of a new state property relief grant and an education jobs fund program grant.

The Town did not budget the use of any fund balance to balance the 2012 budget.

TOWN OF NEWTOWN, CONNECTICUT

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2011

AMOUNTS REPORTED FOR GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES
(EXHIBIT B) ARE DUE TO:

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS (EXHIBIT D).....	\$ 5,545,992
---	--------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:

Capital outlay.....	19,816,196
Depreciation expense.....	(4,322,112)

Total	15,494,084
-------------	------------

The net effect of various miscellaneous transactions involving capital assets (i. e., sales, trade-ins and donations) is to increase net assets. In the Statement of Activities, only the *loss* on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets sold:

Disposal of capital assets.....	(490,931)
---------------------------------	-----------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds and revenues recognized in the Fund Financial Statements are not recognized in the Statement of Activities:

School building grant receipts.....	(863,512)
Change in property tax and community development block grant - accrual basis change.....	299,799
Change in property tax and community development block grant interest and lien revenue.....	69,364

Total	(494,349)
-------------	-----------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The details of these differences in the treatment of long-term debt and related items are as follows:

Debt issued or incurred:	
Issuance of debt.....	(14,020,000)
Issuance of refunding bonds.....	(8,910,000)
Premium.....	(774,559)
Deferred charges.....	413,861
Other.....	67,418
Principal repayments:	
General obligation debt.....	6,844,800
Notes payable.....	275,158
Refunded bonds.....	9,490,000

Total	(6,613,322)

TOWN OF NEWTOWN, CONNECTICUT**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011****HISTORY AND ORGANIZATION**

The Town of Newtown was incorporated on October 11, 1711, and covers an area of 60 square miles. The Town operates under a Selectmen/Board of Finance/Legislative Council/Town Meeting form of government as prescribed by the Connecticut General Statutes and its charter, which was adopted in 1961 and amended in 2001. The Town provides the following services as authorized by its charter: public safety (police and fire), public works (streets and highways), public health and social services, water pollution control and solid waste disposal and education encompassing grades Pre K-12.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and the major individual enterprise fund are reported as separate columns in the fund financial statements.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Agency funds do not have a measurement focus but are reported on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, expenditure-type reimbursement grants, certain intergovernmental revenues, transfers, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Bonded Projects Fund* accounts for the financial revenues to be used for major capital asset construction and/or purchases.

The Town reports the following major proprietary funds:

The *Sewer Fund* accounts for the activities of the Town's sewer operations. The types of revenues recorded in this fund are charges for services, connection and other fees

The *Water Fund* accounts for the activities of the Town's water operations. The types of revenues recorded in this fund are charges for services and other fees.

Additionally, the Town reports the following fund types:

The *Internal Service Fund* accounts for risk financing activities for dental insurance and medical benefits as allowed by GASB Statement No. 10.

The *Pension Trust Funds* account for the activities of the Newtown Employees Retirement System, which accumulates resources for pension benefit payments to qualified employees.

The *OPEB Trust Fund* accounts for the accumulation of resources for other post employment benefits for qualified employees.

The *Agency Funds* are used to account for student activities, performance bonds and pass-through grants.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and enterprise fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The Town also has the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Town has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the Town's sewer operations and various other functions of the Town. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund and of the Town's internal service fund are charges to customers for sewer use charges and premiums for dental benefits. The enterprise fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise fund and internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

Deposits - The Town's cash and cash equivalents consist of cash on hand, demand deposits, money market accounts and short-term investments with original maturities of three months or less from the date of acquisition.

Investments - The Town's eligible investments are governed by State of Connecticut Statutes which, in general, allow the Town to invest in obligations of the United States of America or United States government sponsored corporations, in shares or other interests in any custodial arrangement, pool, or no-load, open-end management type investment company or investment trust (as defined), in obligations of any State or political subdivision rated within the top two rating categories of any nationally recognized rating service, or in obligations of the State of Connecticut or political subdivision rated within the top three rating categories of any nationally recognized rating service. For the capital and nonrecurring fund, not more than 31% can be invested in equity security. Investment income is recorded in the fund in which it was earned.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, and Net Assets or Equity (Continued)

1. Deposits and Investments (Continued)

Allowable investments under the pension funds' investment policy consist of investment grade corporate bonds as rated by Standard and Poor's, government bonds issued and guaranteed by the U.S. Treasury and U.S. Agencies, federally insured certificates of deposit, and equities consisting of stocks and mutual funds. Funds may also be invested in the high yield sector (bonds below investment grade) provided the investment is made in mutual funds and does not comprise more than 10% of the equity portion of the portfolio. Professional money managers are employed to manage the assets allocated to them. The board of selectmen, as trustee of the pension plans, is responsible for overall investment policy. Any change in investment manager or individual security purchase must have their approval. The pension committee acts as advisor to the board of selectmen.

Investments for the Town are reported at fair value. State Treasurers Investment Fund is an investment pool managed by the State of Connecticut Office of the State Treasurer. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c - 3-27e. Investment guidelines are adopted by the State Treasurer. The fair value of the position in the pool is the same as the value of the pool shares.

The balance of the pooled fixed income investments were invested in a 2a-7 like pool, which operates within State Statutes. The fair value of the position in the pool is the same as the value of the pool shares.

2. Receivables and Payables

a. Interfunds

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

b. Property Taxes and Other Receivables

In the government-wide financial statements, all property tax, sewer use, and loan receivables are shown net of an allowance for uncollectibles. Allowance percentages range from 2 to 26 percent of outstanding receivable balances and are calculated based upon prior collections.

Loan receivables consist of Community Development Block Grant loans. The Town provides low interest loans for residential rehabilitation.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, and Net Assets or Equity (Continued)

2. Receivables and Payables (Continued)

b. Property Taxes and Other Receivables (Continued)

In the fund financial statements, all property taxes receivable at June 30, which have not been collected within sixty days of June 30, have been recorded as deferred revenue, since they are not considered to be available to finance expenditures of the current fiscal year. Taxes collected during the sixty day period have been recorded as revenue.

Property taxes are assessed on property as of October 1. Taxes are billed in the following July for real estate and personal property tax bills of fifty dollars or more, and are due in two installments, July 1 and January 1. Motor vehicle taxes and taxes amounting to less than fifty dollars are due and payable July 1. Liens are effective on the assessment date and are continued by filing before the end of the year following the due date.

3. Restricted Assets

The Hawley School Trust, Edmond Town Hall Endowment and Newtown Flagpole funds are restricted to expenditure of the investment income only for the donor designated purpose. Any appreciation of the Hawley School Trust and Edmond Town Hall Endowment funds is also restricted.

4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities' columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 for equipment, \$20,000 for improvements and \$100,000 for infrastructure, and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost, if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, and Net Assets or Equity (Continued)

4. Capital Assets (Continued)

Property, plant, and equipment of the Town are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Interlocal agreement rights	30
Sewer plant	50
Sewer transmission lines	100
Roads	75
Bridges	100
Land improvements	20-100
Buildings	20-100
Vehicles	3-30
Equipment	5-30
Intangible assets	30-43

Intangible assets for the governmental activities are non-development rights the Town has purchased on land parcels. These rights are in perpetuity; therefore, they are not amortized.

5. Compensated Absences

Employees of the Town and the Board of Education earn sick leave, which can accumulate, and vacation leave based on the provisions of negotiated contracts or other personnel policies. In no case do these sick leave rights vest with the employee. The payment of nonvesting accumulated sick pay benefits depends on the future illness of the employee and, therefore, no liability has been accrued in these financial statements for such payments.

Vacation leave vests with the employee, but is generally required to be taken within the calendar year earned for Town employees and subsequent year for certain Board of Education employees.

6. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, and Net Assets or Equity (Continued)

6. Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. Fund Equity and Net Assets

In the **government-wide financial statements**, net assets are classified into the following categories:

Invested in Capital Assets, Net of Related Debt

This category presents the net assets that reflect capital assets net of only the debt applicable to the acquisition or construction of these assets. Debt issued for non-capital purposes and unspent bond proceeds are excluded.

Restricted Net Assets

This category presents the net assets restricted by external parties (creditors, grantors, contributors or laws and regulations).

Unrestricted Net Assets

This category presents the net assets of the Town which are not restricted.

In the **fund financial statements**, fund balances are classified into the following categories:

Nonspendable

This category presents amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted

This category presents amounts that can be spent only for specific purposes because of enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

TOWN OF NEWTOWN, CONNECTICUT
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, and Net Assets or Equity (Continued)

7. Fund Equity and Net Assets (Continued)

Committed

This category presents amounts that can be used only for specific purposes determined by a formal action of the highest level of decision-making authority for the Town. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by Board of Finance/Legislative Council.

Assigned

This category presents amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Intent can be expressed by the governing body (Board of Finance) or by an official (Finance Director) or body to which the governing body delegated the authority (Legislative Council).

Unassigned

This category presents amounts that do not meet the criteria above and are available for any purpose. This category is only reported in the general fund for positive amounts and in any other fund that has a fund balance deficit.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless Board of Finance or Legislative Council has provided otherwise in its commitment or assignment actions.

During the year, Town Council adopted a minimum fund balance policy for the General Fund. The policy requires the Board of Finance/Legislative Council to prepare annual budgets that provide for the unassigned fund balance to be between 8 - 12 percent of the total operating General Fund expenditures.

8. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year.

9. Comparative Data/Reclassifications

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgets and Budgetary Accounting

The Town adheres to the following procedures in establishing the budgetary data included in the general fund (the only fund for which a legal budget is adopted) financial statements.

- | | |
|---------------------------------|--|
| By February 1 | All Town departments, except the School System, submit the budget request to the Board of Selectmen. |
| By February 14 | The Board of Selectmen reviews budgets with department heads and makes revisions and submits Selectmen's budget to the Board of Finance. |
| By the First Wednesday in March | The Board of Finance holds a public hearing on the budget and reviews and makes revisions. |
| By March 14 | The Board of Finance submits the Town of Newtown budget to the Legislative Council. |
| By the Last Wednesday in March | The Legislative Council holds a public hearing on the budget and makes final revisions. |
| On the Fourth Tuesday in April | The Annual Budget Referendum is presented the budget and votes for adoption. |
- Within the first 335 days of the fiscal year the First Selectman and Financial Director, in accordance with the provisions of the Charter, are authorized to transfer budgeted appropriations within a department up to \$50,000. All transfers within a department that exceed the sum of \$50,000 shall require the approval of the Board of Finance. The Board of Finance may transfer any unencumbered appropriation from one department to another up to \$200,000. All transfers between departments, which exceed the sum of \$200,000 as well as all contingency transfers, shall require the approval of the Legislative Council. After 335 days, the Legislative Council approves all transfers. The Legislative Council may approve special and/or emergency appropriations up to an aggregate of \$500,000 for any one purpose per year. Special and/or emergency appropriations in excess of \$500,000 for any one purpose per year must be approved at a Town Meeting.
 - During the year there were no additional appropriations.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

A. Budgets and Budgetary Accounting (Continued)

- The Board of Education, which is not a separate legal entity but a function of the Town, is authorized under State law to make any transfers required within their budget at their discretion. Any additional appropriations must have Board of Education, Legislative Council and, if necessary, Town Meeting approval.
- Formal budgetary integration is employed as a management control device during the year.
- The legal level of control, the level at which expenditures may not exceed appropriations, is at the department level.
- Generally, all unencumbered appropriations lapse at year end except those for capital projects funds. Appropriations for capital projects are continued until completion of applicable projects even when projects extend more than one fiscal year. Encumbered appropriations in the general fund are not reappropriated in the ensuing year's budget, but are carried forward.
- Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued and, accordingly, encumbrances outstanding at year end are reported in budgetary reports (Exhibit F) as expenditures in the current year. Generally, all unencumbered appropriations lapse at year end, except those for the capital projects funds. Appropriations for capital projects are continued until completion of applicable projects, even when projects extend more than one fiscal year.

B. Budget - GAAP Reconciliation

A reconciliation of revenues, expenditures, and fund balance between the accounting treatment required by GAAP (Exhibit D), and budgetary requirements (Exhibit F), is as follows:

C. Donor Restricted Endowments

The Town has received certain endowments for the maintenance of Hawley School, Edmond Town Hall and the Newtown flagpole. The amounts are reflected in net assets as restricted for other purposes. Investment income is approved for expenditure by the individual boards of the benefiting activities and is included in unreserved fund balance. Net appreciation available for appropriation is as follows:

Edmond Town Hall Endowment	\$ 204,424

III. DETAILED NOTES

A. Cash and Investments

Deposits - Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. As of June 30, 2011, \$14,815,690 of the Town's bank balance of \$25,596,038 (including certificates of deposit and money market accounts classified as investments) was exposed to custodial credit risk as follows:

Uninsured and uncollateralized.....	\$13,061,924
Uninsured and collateral held by the pledging bank's trust department, not in the Town's name.....	<u>1,753,766</u>
Total amount subject to custodial credit risk.....	<u>\$14,815,690</u>

III. DETAILED NOTES (CONTINUED)

A. Cash and Investments (Continued)

On July 21, 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act permanently increased the insurance coverage offered by the Federal Deposit Insurance Corporation (FDIC) to \$250,000 per depositor. Additionally, amounts held in non-interest bearing transaction accounts are fully guaranteed by the FDIC from December 31, 2010 through December 31, 2012. The Town had amounts in excess of \$250,000 in a single bank during the year. Amounts over \$250,000 are not insured by the FDIC. These balances fluctuate during the year and can exceed this \$250,000 limit. Management regularly monitors the financial institution, together with its cash balances, and tries to keep this potential risk to a minimum.

The Town also has a letter of credit securing \$15 million of investments held in a single bank. This letter of credit exceeds approximately \$14.8 million of the uninsured and uncollateralized investments at that bank.

At June 30, 2011, the Town's investments (including restricted investments) consisted of the following types and maturities. Specific identification was used to determine the maturities.

TYPE OF INVESTMENT	FAIR VALUE	INVESTMENT MATURITIES (IN YEARS)

Subsequent to year end, the financial markets have experienced significant levels of volatility that caused a decline in the value of investments held at year end. While such declines may be temporary, investment values are subject to market fluctuations, and the timing of any such recovery is unknown at the present time.

Interest rate risk - To minimize interest rate risk, the Town's policy requires the structuring of the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. Operating funds should primarily be invested in shorter-term securities, money market mutual funds, or similar investment pools.

A. Cash and Investments (Continued)

Credit risk - The Town's policy states credit risk will be minimized by limiting investments to the safest types of securities and pre-qualifying the financial institutions with which the town will do business. The Town is only allowed to invest in those types of investments that are covered by the state of Connecticut Municipal Investment Act. The investment portfolio must be diversified so that potential losses on individual securities will be minimized.

The Town's investments subject to credit risk had average ratings by Standard & Poor's as follow:

Custodial credit risk - The Town does not have a formal policy with respect to custodial credit risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The following Town investments are held by the counterparty's trust department or agent but not in the Town's name and, therefore, are subject to custodial credit risk.

Certain investments are covered by the Securities Investor Protection Corporation (SIPC) up to \$500,000, including \$100,000 of cash from sale or for purchase of investments, but not cash held solely for the purpose of earning interest. SIPC protects securities such as notes, stocks, bonds, debentures, certificates of deposit and money funds.

There was no allowance applied to the sewer assessment receivable since the amounts are lienied and the lien stays with the property and not the owner.

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred revenue* and *unearned revenue* reported in the governmental funds were as follows:

E. Short-Term Obligations - Bond Anticipation Notes

The Town is using bond anticipation notes during the construction of the high school addition prior to the issuance of the bonds at the completion of the project.

Short-term obligation activity for the year ended June 30, 2011 was as follows:

<u>TYPE OF OBLIGATION</u>	BALANCE JULY 1, 2010	<u>ADDITIONS</u>	<u>REDUCTIONS</u>	<u>JUNE 30, 2011</u>
Bond Anticipation Notes:				
Schools	\$ 20,000,000	\$ 10,500,000	\$ 20,000,000	\$ 10,500,000

The bond anticipation notes mature in February 2012 and carry an interest rate of 1.50% with a yield of 0.44%.

III. DETAILED NOTES (CONTINUED)

F. Changes in Long-Term Obligations (Continued)

2. Landfill Closure and Post Closure Care Costs

The Town closed its landfill in 1995. State and Federal laws and regulations require landfill closures to meet certain standards. Monitoring costs for the next 14 years at \$17,000 per year are \$238,000. These amounts are based on estimates, which are subject to change due to inflation, technology or applicable laws and regulations.

3. Capital Lease

The Town has entered into a lease agreement for the purchase of police equipment. The annual payments for the agreement are provided for by annual general fund appropriations.

The assets acquired through capital leases are as follows:

Asset:	
Equipment	\$ 400,000
Less accumulated depreciation	<u>142,857</u>
Total	<u>\$ 257,143</u>

The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of future minimum lease payments as of the date of inception. The following is a schedule of the minimum lease payments under the lease, and the present value of the future minimum lease payments at June 30, 2011.

YEAR ENDING	
<u>JUNE 30,</u>

4. Termination Benefits

The Board of Education provides early retirement incentive benefits to 3 former employees. Benefits are paid annually based on the retirement agreement for each employee from the Board of Education budget. Benefits are payable through 2014. During the fiscal year ended June 30, 2011, \$24,000 was paid for their benefits.

5. Statutory Debt Limitations

The Town's indebtedness does not exceed the legal debt limitations as required by Connecticut General Statutes as reflected in the following schedule:

CATEGORY	DEBT LIMIT	NET INDEBTEDNESS	BALANCE
General purpose.....	\$ 209,154,562	\$ 37,911,500	\$ 171,243,062
Schools.....	418,309,124	47,650,427	370,658,697

Urban renewal.....	302,112,145		302,112,145
Pension deficit.....	278,872,749		278,872,749

The total overall statutory debt limit for the Town is equal to seven times annual receipts from taxation, \$650,703,081.

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which bond anticipation notes are issued and outstanding. School building grants receivable of \$3,116,073 for bond principal is reflected as deductions in the computation of net indebtedness.

6. Authorized/Unissued Debt

At June 30, 2011, the Town had authorized unissued debt as follows:

	AUTHORIZED UNISSUED DEBT
Sandy Hook Streetscape.....	\$ 800,000
High school.....	12,486,820
Middle school roof	2,752,690
Water Main.....	250,000
Refunding	<u>1,090,000</u>
TOTAL	<u>\$ 17,379,510</u>

The refunding authorized unissued debt lapses on December 31, 2011.

7. Prior Years Advance Refundings

In prior years, the Town has defeased a bond issue by creating a separate irrevocable trust fund. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust fund. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and, therefore, removed as a liability from the Town's financial statements. As of June 30, 2011, the amount of defeased debt outstanding but removed from the Town's financial statements amounted to \$41,330,000.

F. Changes in Long-Term Obligations (Continued)

8. Current Year Advance Refunding

On September 17, 2010, the Town issued \$8,910,000 of general obligation refunding bonds with interest rates of 2.5% to 5.1%. These refunding bonds were issued to advance refund and defease bonds issued December 15, 2004, December 15, 2005, January 15, 2007, November 15, 2007, and February 15, 2010. The refunding resulted in an economic gain of \$354,651 with a total cash savings of \$572,194.

G. Restricted Net Assets

The amount of restricted net assets which were restricted by enabling legislation totaled \$197,906 at June 30, 2011.

H. Fund Balance Classification

As of June 30, 2011, fund balances are composed of the following:

IV. OTHER INFORMATION

A. Risk Management

The Town is exposed to various risks of loss including torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; natural disaster; public official liability; and police professional liability and employee group medical claims in excess of \$175,000. The Town generally obtains commercial insurance for these risks. During the fiscal year, the Town and Board of Education began self insuring for medical and dental claims. The Town has an aggregate stop loss of 125% of expected claims for each fiscal year. Settled claims have not exceeded commercial coverage in any of the past three years. There were no significant reductions in insurance coverage from coverage in the prior year. The administrators are responsible for the approval, processing and payment of claims, for which they receive an administrative fee. Administrative fees are paid directly from annual appropriations for the Board of Education self-funded dental fund, and from the medical insurance fund.

The following is a summary of changes in the claims liabilities:

	CLAIMS PAYABLE JULY 1	CURRENT YEAR CLAIMS AND CHANGES IN ESTIMATES	CLAIMS PAID	CLAIMS PAYABLE JUNE 30
2009-2010	\$ 43,303	\$ 529,665	\$ 518,045	\$ 54,923
2010-2011	54,923	10,569,606	9,771,855	852,674

The claims liability reported in the internal service fund is based on the requirements of GASB Statements No. 10 and 30, which require that a liability for estimated claims incurred but not reported be recorded. The amount of claim accrual is based on the ultimate costs of settling the claim, which include past experience data, inflation and other future economic and societal factors and incremental claim adjustment expenses, net of estimated subrogation recoveries. The claim accrual does not include other allocated or unallocated claims adjustment expenses.

B. Commitments and Litigation

Amounts received or receivable from Federal and State grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

The Town is a defendant in various lawsuits and the outcome of these lawsuits is not presently determinable. In the opinion of the Town attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

C. Pension Plans

1. Plan Description

Summary

The Town contributes to three pension plans (Selectmen and Board of Education Personnel, Police Personnel, and Elected Officials). Two of the plans, the Selectmen and Board of Education Personnel and the Police Personnel, are single employer, contributory, defined benefit pension plans. The Elected Officials plan is a single employer defined contribution pension plan (see Note IV.C.9). All three pension plans are included in the financial statements as one pension trust fund. The fund's pooled investments may be used to pay benefits to members or beneficiaries of any of the three plans. The plans do not issue separate, stand alone financial reports.

Plan benefit and contribution requirements are established by plans amended and restated on January 1, 2003, for the Selectmen and Board of Education Personnel plan and January 1, 1986, for the Police Personnel and Elected Officials plans. The plan benefits and amendments are approved by Town Council.

2. Summary of Significant Accounting Policies and Plan Asset Matters

a. Basis of Accounting

The pension trust fund financial statements are prepared on the accrual basis of accounting. Contributions are recognized when due, pursuant to formal commitments and contractual requirements, investment income is recognized when it is earned and expenses (benefits, administration and refunds) are recognized when they are due and payable in accordance with terms of the plan.

b. Valuation of Investments

Investments are valued at fair value. Securities traded on national exchanges are valued at the last reported sales price. There are no investments of 5% or greater in any one organization.

3. Classes of Employees Covered

Based on the actuarial valuation report dated July 1, 2011, membership consisted of:

	SELECTMEN AND BOARD OF EDUCATION	POLICE
Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them.....	111	24
Active employees.....	<u>335</u>	<u>42</u>
TOTAL	<u>446</u>	<u>66</u>

4. Benefit Provisions

a. Benefit Provisions

Selectmen and Board of Education Personnel

This plan covers Board of Selectmen, uncertified Board of Education and Civilian Police Department personnel. Employees of other organizations including the Cyrenius H. Booth Library, the Children's Adventure Center, Inc. and the Newtown District Department of Health are also covered under the plan. Each employee may enter the plan after six months of full time service. Vesting of benefits occurs after ten years of service (five years for non-highly compensated department heads). The plan also provides disability benefits after ten years of completed service and a death benefit equal to the return of employee contributions with interest. Administrative costs are financed from investment earnings.

Police Personnel

This plan covers sworn police personnel. These employees may enter the plan after six months of full time service. Normal retirement is after 25 years of credited service or at age 60 with at least ten years of continuous credited service. There are three retired members of the plan who are eligible for cost of living adjustments. There is no cost of living adjustment for any other currently active or retired member. Early retirement may be taken after completing 20 years of service. The plan also provides disability benefits after one year of service and a death benefit equal to the return of employee contributions with interest. Administrative costs are financed from investment earnings.

b. Employer Contributions

The Town's contributions are actuarially determined on an annual basis using the projected unit credit method. Administrative costs are generally financed through investment earnings.

c. Employee Contributions

Selectmen and Board of Education	2% of their base earnings to the plan
Police	5% of total compensation up to a maximum of 125% of basic compensation.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress, immediately following the notes to the financial statements (RSI), presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time, relative to the actuarial accrued liability for benefits.

6. Actuarial Assumptions

The data presented in the schedules of funding progress (RSI) and schedules of employer contributions (Note IV.C.5) were determined as part of the actuarial valuation at the date indicated. Additional information for both plans as of the latest valuation is as follows:

9. Elected Officials

The Town administers a single employer defined contribution plan, which covers certain elected officials and “at will” employees of the Town. The plan is included in the Town's financial statements in the pension trust fund. At June 30, 2011, the net assets available for benefits include \$118,218 of assets designated for this plan. Significant accounting policies are the same as those discussed under defined benefit plans (Note IV.C.2). The Board of Selectmen approved and adopted this plan on July 7, 1986, and they have the authority to make any subsequent amendments.

At June 30, 2011, there were two elected officials and two “at will” employees covered under the plan. All salaried, full time elected officials and such other salaried, full time appointed officials as designated by the Board of Selectmen can participate in the plan on the January 1 following or coincident with their commencement of employment with the Town. A participant's employer contribution account fully vests at age 50 or on termination of employment with the Town. At age 65, participants are entitled to a lump-sum payment as a retirement benefit. The Town is required to contribute 6% of each participant's compensation for the year, and each participant must contribute 2% of their compensation to the plan. For the year ended June 30, 2011, employer contributions were \$15,774 and employee contributions totaled \$5,258.

D. Other Post Employment Benefits Plan

1. Plan Description

The Town administers one single-employer, post retirement healthcare plan for the Town of Newtown Other Post Employment Benefits (OPEB). The plan provides medical and dental benefits for eligible retirees and their spouses. The plan does not issue stand alone financial reports.

2. Benefit Provisions

a. Benefit Provisions

The plan provides for medical and dental benefits for all eligible retirees and their spouses. Benefits and contributions are established by contract and may be amended by union negotiations.

b. Employer Contributions

The Town's contributions are actuarially determined on an annual basis using the projected unit credit method. The Town's total plan contribution was \$273,794.

c. Employee Contributions

There are no employee contributions to the plan.

3. Funded Status and Funding Progress

The funded status of the plan as of July 1, 2010 was as follows:

ACTUARIAL VALUATION DATE	(A) ACTUARIAL VALUE OF ASSETS	(B) ACTUARIALLY ACCRUED LIABILITY (AAL) PROJECTED UNIT CREDIT	(A-B) OVER/ (UNDER) FUNDED AAL	(A/B) FUNDED AAL RATIO	(C) COVERED PAYROLL	[(A-B)/C] OVER (UNDER) FUNDED AAL AS A PERCENTAGE OF COVERED PAYROLL

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress, immediately following the notes to the financial statements (RSI) presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time, relative to the actuarial accrued liability for benefits.

4. Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarially accrued liabilities and the actuarial value of assets.

The data presented in the schedules of funding progress and schedules of contributions were determined as part of the actuarial valuation at the date indicated. Additional information for all plans as of the latest valuation date is as follows:

Supplemental Schedules

General Fund

The general fund is the principal fund of the Town and is used to account for all activities of the Town, except those required to be accounted for in another fund. The general fund accounts for the normal recurring activities of the Town (i.e., general government, public safety, public works, health, social services, recreation, education, etc.). These activities are funded principally by property taxes, user fees and grants from other governmental units.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Dog License

A fund created pursuant to Connecticut State Statutes to account for the sale of dog tags and the expenditures of the dog warden and dog pound.

Police Private Duty

To account for police private duty services. Private duty is a function of the police department where officers provide security, traffic control and oversight (after their normal hours). A private job is billed to the customer who requires a police presence and the officer serving is paid in addition to standard salary.

Town Gifts Fund

To account for funds received for specific gift purposes by the Board of Education, Commission on Aging, Economic Development Commission, N.U.S.A.R. Civil Preparedness and the Park Commission.

School Lunch Program

To account for the operation of the public school lunch program. Funding is provided from the sale of food, Federal and State grants and USDA donated commodities.

Education Grants

To account for funds received from the State and Federal governments, private grants and other contributions for education grants.

Law Enforcement Fund

To account for funds received from the State and Federal governments for prison emergency notification, drug control and awareness program and from the police assets forfeiture process.

Septage Management Ordinance

A fund created by ordinance to account for funds received for the purpose of self-insuring the Town against any liability caused by the discharge of prohibited material collected in Newtown and delivered to the Danbury sewage system by pumpers licensed in Newtown.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

Special Revenue Funds (Continued)

Fairfield Hills Authority

To account for lease proceeds and common charges collected on the Fairfield Hills Campus. Funds are used for the maintenance of the common areas and other expenditures of the Fairfield Hills Authority.

School Custodial

To account for fees received for the use of school facilities by outside organizations. The proceeds are used to pay for custodial service, security, audio visual services, utilities and certain incremental building maintenance.

Adult Education

To account for tuition fees received from individuals attending night classes at the high school. Tuition fees offset the cost of teaching and instructional materials.

Edmond Town Hall

To account for the operations of Edmond Town Hall. Financing is provided by individuals attending the movie theater and fees received for the use of the facilities by outside organizations.

Town Recreation Fund

To account for various programs offered by the Park and Recreation Commission and the Commission on Aging and the operations of the Teen Center for which financing is provided by individuals in attendance.

Daycare Program

To account for funds received from the Federal government to provide a subrecipient grant to the Children's Adventure Center and food for the Daycare program.

Miscellaneous Grants

To account for various reimbursement grants.

Small Cities Program

To record the activity under the Small Cities Community Block Grant Program.

Cemetery Fund

To account for donations which are used for the perpetual care of Taunton, Sandy Hook and Botsford cemeteries.

Eichler's Cove Marina

To account for operations of Eichler's Cove Marina on Lake Zoar.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

Special Revenue Funds (Continued)

Historic Documents

To account for a dollar fee received for each document recorded in the land records to be retained by the Town clerk for the preservation and management of historic documents in accordance with State Statute Sec. 7-34a(d); and an additional dollar fee to be retained by the Town clerk in accordance with State Statute Sec. 7-34a(e).

Cultural Arts

To account for cultural arts program fees collected. These fees pay for the cultural arts programs of the Cultural Arts Commission.

Debt Service

This fund is used to account for the accumulation of resources for, and the payment of long-term debt principal, interest and related costs or other long-term liabilities.

Capital Projects

Capital and Nonrecurring Fund

To account for funds set aside for future capital purchases and improvements.

Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Hawley School Trust

To account for the investment of funds left in trust by Mary E. Hawley for the care and maintenance of Hawley School.

Edmond Town Hall Endowment

To account for the investments of funds left in trust by Mary E. Hawley for the care and maintenance of Edmond Town Hall.

Newtown Flagpole Fund

To account for the investment of funds left in trust by Alida Pennie Knotts for the care and maintenance of the Newtown flagpole.

Fiduciary Funds

Fiduciary funds are used to account for assets held by the Town in a trustee capacity for individuals, private organizations or other governments.

Pension Trust Funds

A fiduciary fund type used to report resources that are required to be held in trust for the member and beneficiaries of defined benefit pension plans.

The Town has three pension plans covering substantially all of its employees, except teachers who are covered by the State Teachers' Retirement Fund. The General Town and Board of Education Plan is a contributory defined benefit plan. The Police Plan is a contributory defined benefit plan. The Elected Officials Plan is a contributory defined contribution plan.

Agency Funds

Agency funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities).

Board of Education Flex Plan

To account for employee medical savings account.

Student Activities

To account for expenditures for educational extracurricular activities at the various schools. Financing is provided by individual fundraising projects.

Conservation/Driveway Bonds

A fund to account for developers' bonds which are held to assure performance on driveway construction. Once the driveways are constructed, the bonds are released to the developers.

Performance Bonds

A fund to account for developers' bonds which are held to assure performance on road construction. Once the roads are constructed, the bonds are released to the developers.
